Winners of Credit Union Essay Contest

Coleman Savings and Credit Union have announced the winners of a recent essay contest as being: first, Mark Ondrus; second, Kathleen Fisher; honorable mention, Geo. Cembrowski and Elaine Roughhead.

The contest was held in co-operation with teachers, Mrs. Graham Atkinson, Mrs. Ada Fortunato and Principal Horace Allen, of the Coleman School.

Preparation of the essay, which had for its theme "What is a Credit Union?" was given as an assignment to Grade 8 pupils, where it was marked for punctuation, spelling and other requirements, before being turned over to the local Credit Union, who asked teachers of the Blairmore Credit Union to judge entries.

Prizes for first and second places respectively, were two shares plus entrance fee and one share plus entrance fee in the Coleman Savings and Credit Union.

Following are the two winning essays:

"What is a Credit Union?"
(By Mark Ondrus)

(FIRST)

First of all, the most logical question would be what is a Credit Union? A Credit Union is made up of a group of people that pool all their money together and make low-cost loans to anyone who needs it for any specific purpose. Credit Unions differ from a bank in the way that a Credit Union loans money to its members only, and a bank makes loans to the general public.

The first Credit Union was established in 1849 by Friedrich Raiffeisen, who started the Credit Union in southern Germany to help the peasants at a time when there was a great famine. Again, in 1864 he put the first Credit Union into order. This Credit Union was similar to the type we have today. The first Credit Union in Canada was set up at Levis, Quebec, by a Quebec legislative reporter, Alphonse Desjardins. The idea spread to the U. S. and soon Credit Unions began springing up all over. Altogether there are now 4413 Credit Unions in Canada.

Credit Unions are owned and operated by its members. In order to go into business it must obtain a charter from the provincial government. To begin with a Credit Union should have a potential membership around 100.

To start a saving in the Credit Union a fee of 25c is charged. Each Credit Union sells shares, which are issued at \$5.00 apiece. If and when a person wants to withdraw money from the Credit Union he is privileged to do so any time. An insurance is put on the money in case it is lost by fire, robbery or embezzlement. The insurance stays with the money as long as it is in the Credit Union. If a person, who has money in the Credit Union dies, his account is doubled and his loan cancelled.

To stay in business the Credit Union loans money to its members for any worthwhile purpose for the maximum amount of money that a person can borrow varies at each Credit Union. Security for a loan can be given in shares, co-signers, wage assignments, or anything else, but loans can still be made without security. These loans are called Character Loans. Loans are usually made at a cost of one per cent per month on the unpaid balance.

The member - owners operate a Credit Union. They elect a board of directors at each annual meeting. There are also other committees to do different work. A credit committee approves all loans.

There is a supervisory committee which examine and check the records of the Credit Union. There is also an educational committee which keeps its members informed about the Union's services. The treasurer is the only person paid. All other officers donate their time and service.

A Credit Union can start operating as soon as it has enough money to lend to its members. The smaller Credit Union loans are given preference. Dividends are given out at a rate determined by the members. Credit Unions get their main source of income from

the interest paid by their borrowing members and by dividends on the deposits. All income cannot be paid out.

All this information can explain to you why Credit Unions were formed. People who want things and cannot get them, can borrow the money from the Credit Union, purchase the article wanted, and pay the Credit Union back when they have the money available. Credit Unions can, therefore, help their members in time of hardship, sickness or financial distress.

"What is a Credit Union?"
(By Kathleen Fisher)

(SECOND)

Friedrich Wilhelm Raiffeisen started the first Credit Union in 1849 in southern Germany. It was made to help peasants in time of severe famine. In 1864 he organized the first Credit Union of the type we have today.

In 1900 Alphonse Desjardins, a Quebec legislative reporter, organized North America's first Credit Union in Levis, Quebec.

In order to operate a Credit Union one must have a charter from the provincial government and a potential membership of one hundred persons. A membership fee of 25c is payable with the application. Membership to credit Unions is open to any eligible persons regardless of race, color, creed or political belief.

Each Credit Union operates its own affairs. Each one should join a Credit Union League which is a voluntary association, supported by the Credit Unions within a given province, because it cannot supply the services and materials it needs.

The Credit Union Leagues of Canada all belong to the international body known as CUNA - the Credit Union National Association.

The CUNA has two affiliates, the CUNA Mutual Insurance Society, which serves the insurance needs of Credit Unions and their members, the second is the CUNA Supply Co-operative providing materials and supplies needed by Credit Unions.

A Credit Union can only serve its members. It may not accept savings from or make loans to the general public as a bank does. A Credit Union is owned and operated by its members.

From the accumulated capital of the savings of members, loans are made to members for practically any good purpose at one per cent per month on the unpaid balance of the loan. Dividends are paid to the members to encourage further thrift and as a reasonable rental for the use of the members' money.

The character of the borrower is always the basic security for a Credit Union loan. It is common for a Credit Union to lend as much as \$300.00 on the borrower's signature - and much more with additional security.

Most Credit Unions provide Loan Protection Insurance without extra charge for eligible borrowers. The borrower's loan balance is insured under this plan.

A Life Savings Insurance is also an added inducement for third, which is provided by many Credit Unions. This insurance is supplied to savers without extra charge. Under this plan each eligible dollar a member saves before age 55 is matched with a dollar of life insurance. A decreasing scale applies to money saved after age 55.

The funds in the Credit Union are protected in many ways - 1) the Credit Union operates under law and is supervised by the government which inspects it regularly; 2) the supervisory committee of members makes a constant check on the Credit Union's operations; 3) the law requires surety bonding and substantial reserves to protect the money against operational hazards. Throughout the years Credit Unions have had out-

Parkinson Funeral Held Monday

Funeral service for Harry Parkinson, 74, who died suddenly at Nelson, B. C., Friday, were held at 11 a.m. Monday at Fantin's Hillside Chapel. The Rev. Kazuo Iwaasa of Blairmore officiated. Cremation followed in Calgary.

A native of Boothtown, Lancashire, England, Mr. Parkinson was born February 17, 1889. He moved to Boston in 1909 where he was employed as a cloth weaver at a textile mill. He later moved to Michel, B. C., where he worked in the mines. For a short period he also farmed at Creston, B. C.

In 1921 he moved to Coleman where he was employed with the International Mines until his retirement in 1954.

He was a member of the Coleman Elks Lodge.

During the Second World War he served from 1941 to 1945 with the Canadian Army band in Canada. He had been a member of the RCME as drum major, and staff-sergeant, and had played with many local orchestras. An active member of St. John Ambulance Association, he had won numerous awards.

He is survived by his wife Simone, whom he married in 1926, a son Harry of Coleman; five sisters in England, a sister in Nelson and a sister in Boston.

Rev. P. Millen Appointed To Calgary Post

Rev. Peter Millen, B.A., L.Th., has this month accepted the Bishop's appointment to take over the Bowness and Montgomery parishes in Calgary.

Rev. Millen has resigned from the Anglican Parish of St. Alban's in Coleman, St. Luke's in Blairmore and St. Frances in Bellevue, after having served in the Crows Nest Post for three years - the latter two years of which he lived in Blairmore. He will leave here in the latter part of September and will take over his new duties as of October 1st.

Prior to coming to the Pass, Rev. Millen assisted at St. Luke's Anglican Church in Red Deer for two years. He is a graduate of Huron College and University of London, Ont., and was educated in the London district of Ontario.

While in the Pass he served as Padre of the 31st Technical Sqdn. RCME, and held the rank of Captain. He is a member of the Crows Nest Pass choir, and lately has been assistant Scoutmaster of the 1st Blairmore Lions Troop.

Rev. Millen is married and has one daughter, Joan. His wife, Anne was kindergarten supervisor in London, Ont., for four years, and taught grade one for one year in Red Deer. She also taught school in Coleman for one year, and is also a member of the Crows Nest Pass choir.

standing safety records.

The member - owners operate the Credit Union. A Board of Directors is elected at the annual meeting and it may hire part or full-time staff people but continues to be responsible for directing their activities and charting the policies and progress of the Credit Union.

The committees necessary in the Credit Union are 1) a committee to approve all loans; 2) A supervising committee of three members to audit the records of the Credit Union; 3) an educational committee to keep members informed about Credit Union services.

By law only the treasurer, who manages the Credit Union, may be compensated. Other officers and committee members give freely of their time and ability.

Voting in the Credit Union is strictly on the principle of "one man-one vote". A member votes once regardless of the amount of shares or savings he or she may have in the Credit Union. A share is simply savings accumulated in the Credit Union, they are usually valued at \$5.00.

In a recent year about 4413 Credit Unions were operating in Canada. There was an estimated 2,544,587 members in the Credit Unions of Canada.

Thus a Credit Union is a group of people with a common bond, who save their money together, and from this pool of savings make low cost loans to one another

Swimming Project at Crows Nest Lake

Bathing conditions in Crows Nest Lake are expected to be improved as the result of a causeway being constructed at the east lake.

This causeway is intended to stop any movement of water in the lake, thus allowing the water to become heated from the sun. Already a difference of nine degrees has been noted in the water on the two sides of the fill.

To date, the fill, which is planned to hit the south shore of the lake, extends 240 feet into the lake. The depth of the water now averages nine feet, but a fill of about 15 feet is necessary because of clay on the bottom.

The project is being carried out by the Department of Public Works which has eight to 10 men on the job. It is being financed by a grant of \$5,000 made by the Department of Lands and Forests.

Present plans call for improvements and extensions to picnic facilities, separation of beach and parking areas, and a clean-up of the grounds and bathing area.

Library Places New Books On Shelves

The committee of the Coleman Community Library has announced that a good number of new books that were recently displayed in Salus store window have now been placed on the shelves of the library. Another order of new books will be arriving soon and will be displayed in either Salus' store window or the Coleman Hardware before being placed on the shelves.

Thanks has been extended to the two merchants for the use of the space in the windows.

The committee have also acknowledged receipt of generous donations from the Coleman School Board, the Catholic Women's League, and the Coleman Iron Works Ltd.

Library hours through summer months will be every Thursday evening from 6 p.m. to 8 p.m.

Crows Nest Pass Old-timer Passes

Another Crows Nest Pass old-timer, Mrs. Mary Anne Lee, wife of Henry Lee of Blairmore, died in the Crows Nest Pass Municipal Hospital on Friday, July 19th, following a period of ill health.

Mrs. Lee, 83 years of age, was born in Pincher Creek, on April 1st, 1880. She was married to Henry Lee at Lee Lake, on December 29th, 1892, and the couple celebrated their 70th wedding anniversary last December. The couple farmed at Rock Creek for 30 years, coming to Blairmore in 1918, where they resided to the present time. Mrs. Lee's father was the late Martin Holloway, who opened the Lundbreck mines and also led many searches for the Lost Lemon Gold Mine.

She was predeceased by a daughter, Mrs. Albert (Rose) Jones at Raymond 13 years ago, and by six other children, a brother Charles Holloway in Pincher Creek, and a sister, Mrs. J. Nelson at North Fork.

Surviving are her husband Henry at Blairmore, a daughter, Mrs. Beatrice Van Loon and a son William (Bill) of Blairmore, nine grandchildren, 22 great grandchildren and seven great-great-grandchildren, and a sister-in-law, Mrs. H. Cardinal of Red Deer.

Funeral services were conducted from the Blairmore United Church at 2:00 p.m. on Tuesday afternoon, July 23rd, and interment followed in the Blairmore Union cemetery.

The Rev. Kas Iwaasa of Blairmore assisted and Fantin's Hillside Chapel were in charge of the arrangements.

Former Sam Coley Home Hit By Fire

Coleman Volunteer Fire Brigade were called to action last week to extinguish a blaze that destroyed the old Sam Coley home in Coleman.

The vacant frame building had not been occupied for some time and it is not known how the fire started. It appears the fire started in the basement and worked its way into the attic. Prompt action by the brigade put out the fire.

Coleman Dust Problem Aired at Calgary Probe

(Courtesy The Lethbridge Herald)

CALGARY — The coal dust problem in the Crows Nest Pass town of Coleman, Alberta, was aired again here Friday at a public meeting into complaints lodged by residents in early June.

The hearing, ordered by the provincial health board, under section 24 of the Public Health Act, followed when irate citizens in the west section of the town threatened to take their children out of school and to picket the Coleman plant of Canadian Collieries Limited where they said the dust was emanating from coal drying equipment.

The three-man board, headed by Dr. M. G. McCallum, deputy minister of health, heard testimony from four witnesses.

Mayor John Ramsey of Coleman, John Jenkins, representing the people of the west section of the town; Colin Blanchflower, general superintendent of Canadian Collieries Ltd., and J. Rolston, sanitary engineer for the provincial health department.

Mayor Ramsey told the hearing "I have no brief to present. I can't say I'm very happy about the hearing being held in Calgary. It should have been held in Coleman. But I'm here and I'll do the best I can."

In his testimony he read letters of correspondence between the town council and provincial health minister, Dr. J. Donovan Ross, dealing with matters of the situation and the concern of the residents.

He noted a letter dated May 8 from Dr. Ross, which stated Mr. Rolston "and check the low-level problem in the next week while in the Coleman area. I don't know if anyone came. If they didn't come to me."

He said the letters urging action from the government, some of which had not been answered by Dr. Ross, and the last one, May 8, ended the town's correspondence with the department.

"I believe we carried out our obligations," he added.

Questioned by Dr. McCallum on how long he has lived in Coleman, he replied "40 years."

"Is the dust different?" asked Mr. McCallum.

"Yes, very much . . . but we have to accept a certain amount. I don't think the people in Coleman."

Former Resident, John M. Gillespie, Passes In Calgary

A resident of Coleman for several years, Mr. John Miller Gillespie passed away Monday, July 22nd, 1963, in Calgary. He was 51 years of age.

The Rev. J. W. Roberts officiated at the last rites in Stately United Church at 2:00 p.m. Wednesday, July 24th, and interment followed in Stately cemetery.

Born in Pincher Creek, he received his schooling there, before joining the Canadian Bank of Commerce in 1924.

He served at various branches in British Columbia, Coleman and other points in Alberta before being transferred to Calgary in 1959.

Mr. Gillespie was a member of McDougall United Church in the city (Calgary), the Masonic Lodge (AFAM) of Dawson Creek, the Elks Lodge at Stately and No. 1 Branch of the Royal Canadian Legion in Calgary.

Colemanite Lucky Winner of Horse

A. Fleming of Coleman, was the lucky winner of the Palomino horse in the New Palomino Bakery contest.

The horse was delivered to him on Tuesday last week.

Former Resident Of Coleman Passes In The East

Word was received last week of the death of Mr. McKean Hunter, who passed away in Nova Scotia.

Mr. Hunter was a former resident of Coleman, and is still well remembered by many old timers here.

man should have to put up with the situation."

"Where is it the worst?" he was asked. "In the west end," came the reply.

When asked by Dr. McCallum if there were any records of Coleman children treated because of dust, Mr. Ramsey stated "not that I know of."

Mr. Jenkins, in his testimony, described conditions in the town as "unbearable."

"When you go out in the morning the clothes are all dirty and you have to clean windows and floors about every half hour. It's really bad at the tipple end."

Mr. Jenkins went on to explain "you can't see across the alley to your neighbor's home and motorists have to stop cars because they can't see to drive."

"The dust is there and Dr. Ross knows about it."

Mr. Jenkins also explained the absence at the hearing of William Kovach, MLA for the area. "Unfortunately he was stung between the eyes by a hornet yesterday, and because of the swelling could not make the trip."

Under cross-examination by the board he said the mine was working when he left Coleman Friday morning and the "dust still in the air."

He said people in the west end didn't want to cause trouble or stop operations at the mine. "With just one promise after the other, and nothing being done, we had to take our own action."

Mr. Blanchflower said his firm had no brief to present "but I have all the data." He read letters of correspondence on the construction of delivery of the colliery's doyle scrubber, which is to be installed at the mine to trap the dust.

He said the Lethbridge Iron Works Ltd., who had the contract, for the scrubber at the plant's coal dryer, in correspondence had stated work had been held up because of staff shortages. Copies of the letters he said, were sent to Dr. Ross.

He informed the board that before leaving Coleman on Friday morning he had a telephone call from the Lethbridge firm stating the scrubber was being loaded and would arrive in Coleman Friday afternoon.

Asked when the machine would be in operation Mr. Blanchflower replied: "In September."

He said his firm acted as quickly as possible to quell the dust and has spent considerable time and money. "We are buying equipment to fight the situation but have had considerable trouble."

Mr. Rolston in his testimony, gave a summary of the analytical results from "dust" samples taken in the town. He said the stack of the coal mine was sampled June 10 - 14. The source sampling tests showed an average 4.6 pounds dust per 1,000 pounds of flue gas; actual dust emission, 823 pounds per hour or 3.45 grains per foot, and the volatile portion of the dust 80.4 per cent.

In all six atmospheric samples taken the average of all samples was 609 micrograms per cubic meter.

Dustfall was measured at six locations, he said, and showed an average at all stations of 1190 tons per square mile over a 30 day period in May and June - July. The average percentage of volatiles was 75 per cent.

Mr. Rolston also gave figures using Edmonton and Calgary dustfall as comparisons.

He said the dustfall yearly average in downtown Edmonton is 32.20 tons per square mile over a 30 day period. In Calgary 36.60. In June of this year in Edmonton it was 34.68 tons and in Calgary 47.81 tons. The dust maximum observed in Edmonton during the 30 day period was 61.30 tons and in Calgary 60.80 tons. Edmonton, he said, had an average volatile of 37 per cent and Calgary 34 per cent.

Dr. McCallum at the conclusion of the hour long hearing, said the board would make a study of the situation at Coleman and decide what recommendations would be made to health minister Ross.

Albertans Prefer M.S.I. Albertans who subscribe to M.S.I. coverage enjoy freedom from worry of medical care expenses because M.S.I. provides the most satisfactory coverage available. M.S.I. applicants may be of any age and do not require a medical examination; there are no exclusions for chronic or pre-existing ailments.

Through the Alberta Medical Plan, government subsidy brings the cost of M.S.I. well within the financial means of senior citizens and those with limited income.

With M.S.I. there is no red tape. No forms to fill out when receiving medical care. All dependents receive equal coverage and M.S.I. is transferable to other medical plans elsewhere in Canada and parts of the United States, without lapse in coverage.

ALL INDIVIDUAL PLAN C APPLICATIONS RECEIVED UP TO SEPT. 30, 1963 WILL HAVE AN EFFECTIVE DATE FOR COVERAGE OF OCT. 1, 1963. SUBSEQUENT APPLICATIONS WILL BE SUBJECT TO AN APPROXIMATE 90 DAY DELAYED EFFECTIVE DATE.

M.S.I. PAYS FOR:

- First and all subsequent home, office and hospital calls
- Consultant, anesthetist, specialist and assisting doctors' services
- Surgical procedures, including pre- and post-operative care
- Diagnosis of and treatment for ALL illnesses and injuries
- Maternity benefits (after nine months)
- Psychiatric treatment (1 year waiting period for non-group members)
- X-ray and laboratory services
- Polio, cancer, arthritis, when not covered by public authorities

NEW BENEFITS

- Elimination of waiting periods for elective procedures
- Annual physical examinations
- No limit on laboratory and X-ray services
- Waiver of premium due to disability (effective in group and non-group plans)

EXCLUSIONS

- Dental care and dental X-ray
- Physician's mileage or travel-time expense
- Physician's examinations for third party use
- Expenses covered by Public Authorities and Workmen's Compensation Board
- Sterilization for reasons other than health or risk
- Treatment resulting from participation in war or riot
- Physiotherapy and actinotherapy
- Ambulance, hospitalization and nursing services
- Drugs, medicines, appliances, examinations for eye glasses and eye glasses

Desjardins - Kovach Vows Exchanged In Double-Ring Wedding Ceremony

Baskets of white and yellow chrysanthemums decorated Holy Ghost Catholic Church, Coleman, for the July 6th wedding ceremony in which Miss Cecilia Carolina Kovach exchanged vows with Laurent Joseph A. Desjardins.

The bride is the only daughter of Mr. and Mrs. Tibor Kovach of Coleman, and the groom is the third son of Mr. and Mrs. Alex Desjardins of Lethbridge.

Rev. Father Denis Fleming performed the 11:00 a.m. double-ring ceremony during which High Mass was celebrated. The wedding music was played by Miss Ralphina DeLuca. High Mass was sung by the Coleman senior choir, led by Mr. Les Owen.

The bride, who was given in marriage by her father, wore a long-sleeved, floor-length gown of crepe, Chantilly lace over net, the crescent being held in place by organza roses. The dress was appliqued with lace on the bodice, patterned with sequins and pearls outlining a scalloped neckline. Her headpiece was a crown of organza baby mums which were centered with pearls.

"Leaves" of net pointed upward from which a finger-tip veil of French illusion silk embroidered with pearls flowed. The bride wore a three-strand crystal necklace, a gift from the groom. She carried a heart-shaped bouquet of red sweetheart roses and white carnations, and also a mother-of-pearl prayer book, a gift from her mother.

Attending the bride as maid of honor was Miss Dorothy A. Binda. Miss Jeanne Desjardins acted as senior bridesmaid. They wore blue street-length chiffon and lace dresses. Their headpieces were woven white stray circlets topped with a heart from which a net flowed.

Junior bridesmaids were Diana Kovich and Mary Ann Kovich, cousins of the bride.

They wore matching pink lace

over taffeta dresses and headpieces of pink fabric mums. Twin flower girls, Sharon Cathy Kovich and Donna Marie Kovich, also cousins of the bride, wore matching pale yellow lace over taffeta dresses and headpieces of pale yellow fabric mums. All the attendants carried carnation nosegays from which flowed ribbons to match their gowns.

Attending the groom was Mr. Loren Hansen, brother-in-law to the groom, and Mr. Robert Desjardins, cousin of the groom. The ushers were Roy Kovich, cousin of the bride, and Paul Desjardins, brother of the groom.

The mother of the bride wore a pale blue chiffon over lace sheath with white accessories. A corsage of pink carnations completed her outfit.

The groom's mother chose a suit with white accessories and a corsage of white carnations.

Following the ceremony a reception was held in the Catholic hall followed by a dance. An Hungarian family-style dinner was served before which Grace was said by Rev. Father Fleming. The toast to the bride was proposed by Edward Desjardins, brother of the groom.

Congratulatory telegrams were received from New York, Westport, Connecticut and points east.

Guests from out of town were from Regina, Sask.; Laurier, Man.; Lethbridge, Fort Macleod, Sparwood, B. C., and Alder Flats, Alberta.

For travelling the bride wore a blue lace sheath with a matching three-quarter coat. She chose white accessories and a corsage of white carnations and lily-of-the-valley.

Following a honeymoon through Waterton, Jasper National Park, Lake Louise, Banff and Calgary, the couple will make their home at the RCMP Station west of Williams Lake, B. C.

Doreen MacQuarrie Weds Calgary Man

On Saturday, April 27th, St. Mary's Catholic Church in Banff was the scene of the pretty, double-ring wedding ceremony of Doreen Emeline MacQuarrie, daughter of Mr. and Mrs. John MacQuarrie of Coleman, and Joseph Howard Halstenson, son of Mr. and Mrs. Earl Halstenson of Calgary. The Rev. P. J. O'Byrne officiated and the wedding music was played by Miss Elizabeth Hand.

Given in marriage by her father, the bride looked lovely in a floor-length gown of white sea de poise with lily-point sleeves, scoop neckline and decorated with tiny sunbursts. The bouffant finger-tip veil cascaded from a "Caesar" crown of tiny seed pearls. A single strand of baby seed pearls, a gift of the groom, completed the bride's ensemble, and she carried a cascading bouquet of red sweetheart roses and white spray mums.

Miss Sharon McDonald of Lethbridge, was maid of honor, and Miss Lana McDonald of Coleman, and Miss Georgina Misura of Edmonton, were the two bridesmaids. All three wore identical dresses of turquoise crystalline with matching rolled-rose headpieces.

Accessories of white and similar bouquets of red sweetheart roses and white spray mums complemented their ensembles.

The mother of the bride chose a two-piece dress of beige Chantilly lace over taffeta. A corsage of pink and white carnations and white accessories complemented her ensemble. The groom's mother chose a two-piece dress of blue, complemented with a corsage of pink and white carnations and accessories of a deeper blue.

The best man was Mr. John Baxter of Calgary, brother-in-law of the groom, and the ushers were Mr. Jim Davies and Mr. Andy Anderson of Banff.

A reception at the Timberline Hotel followed, with the toast to the bride being given by Mr. Harold Tetz of Banff.

A three-tiered wedding cake, decorated with silver leaves and horse-shoes, centred the bride's table. Tiny sweetheart roses topped the cake and miniature white doves graced each corner.

For a honeymoon to Seattle,

Wash., the bride donned a gold sheath with matching three-quarter coat. Beige accessories and a corsage of carnations and bronze spray mums completed her ensemble.

At present the couple are residing at Lake Louise where the groom is stationed with the National Park Warden Service.

Honored at Shower

Mrs. Stephen Vrskovy was honored at a shower on Friday, August 9th at the residence of Mrs. P. Topak.

The honored guest was escorted to the head table and presented with a corsage of roses by Miss Betty Omelusk. The groom's mother and grandmother were also presented with corsages of pink carnations.

The entertainment of the evening was whist and bingo, with whist honors going to — first, Mrs. K. Raymond; second, Mrs. T. Korner; third, Mrs. H. Dorasak, and the door prize to Mrs. S. Lepack.

A delicious lunch was served by the hostesses, after which the honored guest was presented with the major gifts, including an electric frying pan, and a painting of Crows Nest Mountain, followed by many miscellaneous gifts.

Mrs. S. Vrskovy, in a few well-chosen words, thanked the hostesses and the many guests assembled and those unable to attend for the beautiful gifts and their thoughtfulness.

Mrs. Vrskovy is the wife of Cfn. Stephen Vrskovy, RCNEM, who is stationed in Montreal.

The young couple are visiting at the home of Mr. and Mrs. A. Vrskovy of Coleman, after a motor trip to visit the wife's parents, Mr. and Mrs. C. J. Davidson in Vancouver.

Card of Thanks

I would like to express my deepest appreciation to all the ladies who attended the shower held in my honour and those who donated but were unable to attend. A special thanks to all the hostesses and Mrs. P. Topak at whose home it was held.

Mrs. Stephen Vrskovy, Montreal, Que.

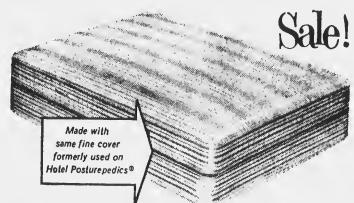

Engagement Announcement

Mr. and Mrs. Bert Bond wish to announce the engagement of their youngest daughter, Cynthia Rose, to Mr. John Edward Squarek, son of Mr. and Mrs. John Squarek of Bellevue. The wedding will take place at St. Paul's United Church, Coleman, on Friday, August 23 at 6 p.m.

Wedding Announcement

Mr. and Mrs. George Misura wish to announce the wedding of their eldest daughter, Georgina Cecilia to Mr. Donald Paul Wenger of Bentley, Alberta, on Saturday, August 31st, 1963, in the Holy Ghost Catholic Church in Coleman.

Georgina is the grand-daughter of Mrs. G. Carmelo and the late Nick Carmelo.

Hon. N. Willmore To Officiate At Road Opening Ceremony

The Hon. Norman Willmore, Minister of Lands and Forests, will officiate at a formal road opening ceremony at Brazeau River bridge on what is known as the Forestry Trunk Road north of Nor-

degg at 1 p.m. on August 17.

This event will mark completion of a 600-mile route, composed primarily of road constructed by the Eastern Rockies Forest Conservation Board and the Alberta Forest Service, extending from Grande Prairie to Coleman in the Crow's Nest Pass.

While a few sections of the route are sub-standard grade and under

improvement, the all-weather road is completely passable to passenger automobiles.

It traverses mountain and foothill country along western regions of Alberta and reveals some of the finest scenery in the province.

Opening ceremonies, conducted by Mr. Willmore, will be attended by invited guests from throughout Alberta. Cavalcades from the towns of Hinton and Rocky Mountain House plan to meet at the Brazeau River to further commemorate the date and the event.

Visitors from the public at large and current road travellers are cordially invited to be present; coffee and soft drinks will be made available, but all visitors are advised to bring their own lunch, if required.

The Brazeau River bridge site may be reached via the forestry road from any point south of Nordegg. Entry may also be gained via Rocky Mountain House via Edson, Coalspur and Lovett. The latter route is commonly called the Coal Branch road. In addition travellers from Entrance, Hinton, Jasper and points west may use the forestry route from Hinton to Robb, Peace River and Grande Prairie visitors may travel directly south from Goodwin.

Children's Fish Pond Construction To Start In Near Future

Excavation for a children's fish pond immediately west of the Hillcrest CPR station will start as soon as the project has been cleared by the Water Resources branch—the project being promoted by the Hillcrest Fish and Game Association.

It is expected the pond will cover an area of approximately half an acre and will be kept from

becoming stagnant by the continual inflow of a stream from an old lime kiln, east of the Frank Slide. The pond will be stocked with fish and reserved for the pleasure of all young anglers in the Pass.

To finance the project, tickets are being sold by members of the Association and at various garages in the Pass on a "vintage" car which has been donated by "Poor" Charlie Sartoris of Blairmore.

Present plans call for the draw on the car to be made late in August at the official opening of the pool.

The Hillcrest Fish and Game Association with an average membership of 150, hold monthly and annual competitions for achievements in fishing and hunting and in addition sponsor junior branch of the Association.

Salvation Army Meetings

Home League—Wednesday nights at 7:30 p.m.

Prayer Meeting—Friday nights at 7:30 p.m.

Meetings will be held in Rennie House, Blairmore Road. Everybody Welcome.

Midway Safety Code Drafted By League

Draft of a safety code for carnival rides has been offered provincial governments by the National Safety League of Canada.

In a League survey, it was found that no such legislation existed in Canada, municipally, provincially or federally. The survey also discovered that provincial governments were interested in considering a midway safety code.

NSL's action was prompted by the 1962 death of a 10-year-old girl at the Central Canada Exhibition which, added to reports of a number of accidents at carnivals made League manager, Gay McLaren initiate the survey.

When he learned that no regulations existed dealing directly with this matter, the League drafted a "safety code for amusement devices and temporary structures at amusement park, fairs and carnivals". The draft was based on codes existing in the United States.

"We hope," Mr. McLaren said, "this may be instrumental in providing a safety standard across Canada for the protection of the public, particularly children, using such equipment."

In Memoriam

In Loving Memory of Edgar Ash, Who Passed Away August 19th, 1962:

"Those whom we love go out of of sight,

But never out of mind.

They are cherished, in the hearts Of those they left behind."

Always Remembered by His Wife and Daughter, Audrey and Grandchildren.

Card of Thanks

I would like to thank all those who attended my shower and those who donated but could not attend. A special thanks to the hostesses for making it such a success.

Miss Eleanor Raymond.
